

AROUND the TOWNSHIP

By Henry Aiderman

On the kitchen wall of the Jack Myers home hangs the following notice for the instruction of the three Farrington children who live there:

"No one is allowed to attend any shows until he has EARNED the admission."

"No BORROWING permitted."

"Signed: Nell and Jack."

The acacia tree outside the Register office has the mange and is shedding something terrible. All persons who walk under it do so at their own risk.

Emotional life in Santa Rosa must be weary intense. A whole raft of poetry prizes were copied at the poets' dinner the other night by Santa Rosa people.

Speaking of poetry, Gladys Williamson certainly did Niles proud at that same banquet. She won five or six prizes herself. In fact, if it hadn't been for Gladys's poems, Harry Salz's playing and Wesley Gordon's jokes, as presiding officer, the banquet wouldn't have been half as much fun as it was.

Chick Burdick is suffering from the pangs of parenthood these days. His young daughter, one of Amador high's star pupils, thinks he's all wet on the supreme court issue.

He complains, with a proud twinkle in his eye, that she's always licking him in arguments on the matter.

The following item came in the correspondence from Scoop Pashote, our 12-year-old Newark reporter:

"Henry J. Martin, who attends the Newark grammar school, was the first to get a haircut in Newark at the new price which is 65 cents."

Hennepin P. Noonsummer, prominent resident of the gravel pit shanty colony, thinks that if the supreme court wins out against the president, it will be due almost wholly to the nationwide respect for Chief Justice Hughes' whiskers.

CONGREGATIONAL CHURCH

NILES—With the time drawing closer to Easter, the young people of the Niles Christian Youth Fellowship are looking forward with anxiety to the time when they shall give their program at the Niles Congregational Church on Easter morning. They are progressing rapidly and successfully.

The Young People are planning to attend a church in Oakland on Easter and will not give their pot luck supper which usually is held the last Sunday of every month.

A farewell party is being planned for Mr. Long, adult advisor of the group and Mrs. Long, on Thursday evening, March 18, the evening on which Choir practice is held.

As the weather grows warmer the group are planning to go to the Hayward Plunge.

A drive is being made by the membership committee which has been appointed under the constitution by the President, Betty Denton. Those interested in joining the group may get in touch with June Farrington, chairman of the membership committee.

A report was made by Reverend and Mrs. Day of the rapid progress of the group.

TWO SOLOISTS TO VISIT CHURCH

NILES—Two guest soloists will augment music of the choir of the Niles Congregational Church at the Easter program to be given Sunday morning, March 28, states Rev. R. C. Day, pastor. Miss Sophie Swanson of Decoto, contralto, and Miss Angie Fox, soprano, of Oakland, will give several numbers.

Special services for the children, including the annual pansy procession, will take place at 10:30 o'clock and at 11 o'clock, Rev. Day will deliver an Easter sermon.

During Easter week there will be a party for the children at the church, date to be announced later.

ATTACK ON NURSERY FAILS

NILES—Obviously planned by Oakland labor leaders to embarrass the California Nursery Co. during its spring flower show, the demonstration of 100 pickets missed fire Saturday morning owing to the fact that the laborites miscalculated on dates.

The flower show does not open until next week.

Early Saturday morning the pickets massed outside the nursery's main gate, jeered at workers on the grounds and showed disapproval to all who entered the place to do business.

Twenty deputies summoned by nursery officials to maintain peace, routed the pickets in a melee the details of which have been open to much argument during the past week.

The argument centers about the question: did the officers open hostilities with clubs or did they not?

All officers interviewed by reporters strenuously deny using any violence on peaceful pickets.

The pickets and several Niles residents, witnesses of the affair, declare that the officers attacked the crowd and beat them.

Supporting this version is the fact that numerous pickets were given emergency treatment at Oakland hospitals following the demonstration.

Captain Ritchie of Hayward who hit at the officers refutes the story of injuries by saying that the strikers were not treated at a hospital in Oakland. Reports of their injuries came from doctors engaged in private practice. Ritchie claims there are no hospital records to show unnecessary force had been used.

Among the 15 injured treated in Oakland were Joe Lago, 22 and August Lago, 20, who gave their addresses as Niles, and Frank Panigaglia, 17, Decoto.

Although primary reason for the demonstration, which started several weeks ago, no longer exists, the labor attack on the nursery has been growing.

Labor trouble started when union leaders incited nursery workers to demand more pay during the nursery's slack season. President Geo. C. Roeding, jr. of the nursery company, has increased the wage level paid to laborers but the labor agitation continues in an effort to get the discharged men reinstated.

Few of the pickets in Saturday's crowd were local men.

EDWARD L. ROSE ANNOUNCES CANDIDACY FOR SCHOOL BOARD POST

IRVINGTON—Edward L. Rose, business man of Irvington has announced his candidacy for Trustee of Irvington Grammar School District to succeed Henry Weston who will not seek re-election.

Mr. Rose was born and reared in Irvington and has lived there all his life. He is a very active member of Irvington Junior Chamber of Commerce also a member of the N. S. G. W. Parlor 169 Centerville and a member of the Knights of Columbus.

Mr. Rose is a taxpayer and active business man of the community and deserves the cooperation of his town.

His friends wish him the best of luck in the coming election.

TWO PLEAD DRUNKENNESS

NILES—Jessie Rodurty and Manuel Robles of Niles were sentenced to five days in the Alameda County Jail Monday by Judge J. A. Silva after they had pleaded guilty to being drunk in a local restaurant. Robles, a WPA worker, is the father of nine children. The two were arrested upon complaint of the restaurant management by J. J. O'Brien of the Hayward sheriff's office.

SWEENEY IN TOWN

Robert Sweeney spent last Sunday visiting with friends and his mother, Mrs. Sweeney of Newark.

COL. HARVEY BRAUN UP TO OLD TRICKS WITH NEW SUPPLY OF WETNESS FOR TOWNSHIP

NILES—“The beauty of the prevalent heavy rains”, observed Col. Harvey Braun Wednesday, lies in the fact that they encourage the floating population to float right out of Niles.”

As chief custodian of the Niles rain gauge, Col. Braun is an expert on precipitation.

As high mogul of the railroad station, he is likewise an authority on floaters.

On Wednesday morning, the season's total was 16.46 inches.

“This shows that we are making up in March what we lacked in February”, says the Col.

“Last year at this time the total rainfall was 17.61 inches.”

Col. Braun says he has no doubt but that this season we shall equal last year's record. He is planning a dry spell for the next few days to allow local people a “breather” before the final last-of-the-season showers.

“Mustn't overdo the wetness or prohibition will be back”, he avers.

INVESTITURE AT CENTERVILLE

CENTERVILLE—The Right Reverend Monsignor Alfred M. De Souza will be solemnly invested as monsignor domestic prelate on Palm Sunday, March 21, at 4 o'clock p. m. in Holy Ghost church at Centerville by His Excellence, the Most Reverend John J. Mitty, Archbishop of San Francisco. Many distinguished members of the clergy will assist the Most Reverend Archbishop.

The Rev. John Azavedo of Sacramento, noted priest and orator, will deliver the sermon. After the ceremony, there will be solemn benediction of the most blessed sacrament.

SCOUTS TO VISIT JUNIOR CHAMBER

NILES—Boy Scouts of Niles will be guests of the Junior Chamber of Commerce at their meeting next Monday night at the Florence Restaurant, states Lawrence Sharpe, president. The boys will see a motion picture of deep sea life to be shown by Jack Greeley of the Union Oil Company.

Preceding the picture, the chamber will hold its business meeting and dinner.

DRUIDS ELECT PATRICK FRANCIS

CENTERVILLE—Patrick Francis has been named noble arch of the Centerville Grove of Druids to succeed Allen Walton. Other officers chosen at Monday night's meeting are Joe Jason, vice-arch; Frank Duarte, conductor; Ed Dutra, inside guardian; Clarence Furtado, outside guardian; Joe Furtado, recording secretary; Frank Furtado, financial secretary; Manuel Oliveira, treasurer.

The new ping-pong table was set up and enjoyed. At the next meeting on April 5, District Deputy Tom Silva will install new officers.

JAMES CULL ELECTED HEAD OF I. O. O. F. HALL ASSOCIATION

NILES—James Cull has been elected president of the Odd Fellows Hall association, leader being chosen at a meeting of the association held Monday night. After the business, members of the Rebekahs were guests of the Odd Fellows at cards and refreshments.

Assisting Cull will be Scott Duffey, vice president; H. L. George, secretary and William Millett and W. L. Gódwijn, directors.

SCOUTS TO HAVE SPECIAL TREAT

Niles—Boy Scouts and parents who are seeking a wholesome, inexpensive vacation for the youngsters when school is out will welcome the announcement of the special training camp to be held at Diamond camp for nine days beginning June 17. The total cost will be \$9 and the entire staff of Scout leaders of the Oakland area council will be present to supervise the boys.

Councillors will be Roy Johnson of Castro Valley, Harold Farquar, physical education director of Oakland, and P. Clark, shop instructor of a San Leandro school. There will also be various craft teachers. This camp is specially for tenderfoot and second class Scouts and is arranged to prepare boys for the high mountain camps to come later in the summer. Each boy enrolling will be given a camp hat free, bearing the number of his enrollment. Hat No. 2 was presented to Dudley Lightfoot of Livermore this past week. Several Niles boys have already signed for the camp.

DECOTO HOLDS HONOR COURT

DECOTO—Decoto's first Boy Scout court of honor was held at the grammar school on Thursday night, sponsored by the Junior chamber of commerce. The program consisted of stunts by the Decoto troop under the direction of Scoutmaster Peter Decoto, motion pictures of the 1935 national jamboree at Washington, D. C., and presentation of awards.

An investiture service for tenderfoot rank was conducted by the Decoto troop. J. P. Caldeira, president of the Junior chamber, had charge and a large crowd attended, the affair being open to the public. Ribbons were presented to those winning in the recent swim meet at the Hayward Plunge.

This was the largest Court of Honor to be held in Washington Township by the Boy Scouts and the first to be held in Decoto, according to W. T. Lindsay, field executive.

Judge Norris of Centerville presided as master of ceremonies. The program included opening and closing ceremonies by the Decoto troop, in charge of scoutmaster Pete Decoto. Tumbling acts were put on under the direction of Jack Prouty. Presentation in regard to the 1937 national scout jamboree at Washington, was put on by George Mathelsen of Centerville, who made the trip in 1935 and Principal A. F. Morris of Castro Valley, who will be one of the leaders on the trip this year.

Vernon Ellsworth of Niles has added his name to the list of scouts attending the jamboree at Washington this year. He has been a scout for about five years and is now attending the University of California, in his sophomore year. He spent two or three seasons at the mountain camp and is anxious to make the 1937 trek to the country's capital. The other two going from Niles are Bob Zwissig and George Bonde.

A talk on this national jamboree will be given over K. L. X. next Tuesday at 4:15 by Zwissig and Lindsay.

The presentation of awards at the Court of Honor were made by Mr. George Coit of Centerville, who is the chairman of the Washington Township Court of Honor. Among those receiving awards are the following:

SCOUT LEADER AT LIVERMORE

W. T. Lindsay, field executive of the Southern Alameda County Boy Scout organization, attended a public court of honor at the Livermore Veterans Memorial building last Thursday night. The affair was sponsored by the American Legion post.

DATES CHOSEN FOR HOLY GHOST FIESTA AT NILES

NILES—Plans for a bigger and better Holy Ghost Fiesta in Niles were practically complete this week according to A. S. Andrade, head of the S. E. S. Lodge committee in charge of the work. Dates for the celebration will be June 19, 20 and 21.

Three candidates for suen have already announced themselves and ticket sales will start in the near future, Mr. Andrade said. Candidates this year are Edna Avilla of Concord, Mary Martins of Niles and Silvia Cunha of Hayward. Other candidates may be announced later.

Assisting in working out details for the observance are Frank Mello, Manuel Freitas, Manuel Oliveira and Antone Faria. An earlier date has been selected this year in order to prevent conflict with other “fiestas” in other communities in the bay region.

Plans for the Decoto celebration have been dropped.

LOCAL HIGH SCHOOL GIRLS WILL ATTEND MUSIC STUDENTS MEET

Three girls from Washington Union high school will attend a convention of music students from northern California schools representing about 650 students in San Francisco on March 22, 23, and 24. Winifred Bendel, Marion Ziegler and Marilyn Maciel to represent the Centerville school.

Girls will stay at the Sutter hotel and the boys at the Stuart. Each morning they will rehearse for a program to be given Wednesday night in the San Francisco civic auditorium. On Monday night the young people will be guests of the San Francisco Junior college at a dinner dance at the Mark Hopkins hotel. Tuesday night they will attend the San Francisco symphony concert and on Wednesday will make a tour of the opera house, being shown all the back stage secrets.

The three girls have been chosen as vocalists.

SILVA ISSUES WARNING TO BOYS USING GUNS

CENTERVILLE—Warning to boys and all who use fire-arms indiscriminately is being issued by Constable Tom Silva, following reports from the Alameda County Water district that several shots have been fired into the water pipe on the Niles-Centerville road, damaging the pipe considerably.

Constable Silva states he also has had complaints of whizzing bullets and warns all who are using fire arms that they will be prosecuted if damage results. Small bore rifles in the hands of youngsters are dangerous playthings, he opines.

MISSION GROUP HAS MEETING

On March 16, the Missionary Society held a meeting. A dinner was served to the members and their husbands, after which there was election of officers for the new church year.

CAMP FIRE MEETINGS RESUME

CENTERVILLE—Campfire Girls are meeting again at Pleasanton under the leadership of Mrs. C. E. Anderson. Seventeen have enrolled and meet each Tuesday afternoon at 3:30 o'clock at the grammar school. All girls of the community are invited to attend.

California Nursery Show Will Start At Niles Saturday

CROWD ATTENDS POETS' DINNER

NILES—If you were a young girl you would have said, “Simply swell!” and if you were a gushing matron you would have said, “Too, too divine!” The dignified gentlemen, and there were plenty of gentlemen there, remarked, “Very entertaining, very!” But however you worded it you would have meant that you had a grand time. For everyone there did at the Poets' Dinner, Tuesday evening.

In the first place the setting was just right. The Ivory dining room of the Hotel Oakland was beautifully decorated. The speakers' table was lovely with flowers furnished and arranged by Mrs. Geo. Roeding, Jr.

Several from this neighborhood attended: Mr. and Mrs. Lawrence Bunting, Mrs. Nelle Myers, Mrs. E. C. Grau, Mrs. Whipple, Mrs. Overacker, Mrs. Gladys Williamson, Miss Marcella Norris, Miss Anna Shinn, whose escort was Mr. Hoyden Shuey, Mrs. George Sladek, Mr. D. R. Rees, Mr. Henry Alderman and Mr. Harry Salz.

The dinner was delicious and beautifully served and the excellent wine was a gift from the Concanon Vineyards.

We were fortunate in having a musical program worth many dollars and many miles of travel, and the speakers were both witty and profound. But of course the main attraction was the prize winning poems and our group was more than proud, for Mrs. Williamson won so many that it was almost embarrassing to her, but not to the rest of us who were basking in reflected glory.

Wesley Dexter Gordon, chairman, presided with poise and his introductions were always clever. And he is to be congratulated, too, on his choice of readers. Dr. Dorothy Kaucher and Dr. Derrick Lehmer read the poems.

For our group the outstanding feature of the musical program was the playing of Harry Salz.

KIRKISH DONATES CLOTHES TO CLUB

CENTERVILLE—More than 100 garments were donated to the Centerville Welfare club by the Kirkish store at a meeting held Monday afternoon at the home of Miss Elizabeth Dusterbery. The next meeting will be held at the home of Mrs. A. J. Rathbone.

A WOUNDED DEER
(True)

By JEAN OLDFIELD

While I was taking a hike one day I heard a strange noise. I looked around in the bushes but didn't see anything. All of a sudden I saw a wounded deer. I was always afraid of a deer before but now was no time to be frightened. I took out my handkerchief and tied it around its leg. The deer looked up as if it wanted to thank me, but he didn't say anything. I was showing him that deer was not harmful.

When I got home instead of telling my mother I had a good time

I said that I had done a good deed. After I had finished my story I heard a tramping sound. I looked out of the window and found the deer had followed me. We kept him until his leg was well then we took him back where he belonged. Ever since then, all the deer have seemed to like me and every time I see a deer I look to see if they are wounded.

A KIND DEED
(True)

By DORIS ALAMEDA

We were out riding Sunday, when suddenly my father stopped the car. He got out and picked up a brown and white cat. It was half starved and we felt very sorry for it so we brought it home and gave it some milk. A few weeks later it was a fat rolly kitten. We named it Fatty. We wouldn't give it away for anything now because it is so cute and playful. Every night he climbs up on the bed and sleeps there. Sometime we put him outside then when he wants to come in he scratches on the door. We know he appreciates us keeping him because he is very good. I hope he lives a long happy life.

HONOR BRIGHT

Peter Decoto says that every word in his article in this issue is true. But here's a story he tells. Says when he was driving through Burbank one July he stopped off to see a man in a factory there, and happened to remark to him how terribly hot it was. The man said, "No, it isn't hot yet. I don't have a thermometer but I can tell. Whenever it gets hot the squirrels always come in to cool their feet on the steam pipes."

JUNIOR COLLEGE

Hayward is making a determined drive for a junior college—the junior college that most people thought should come to Niles back in 1929.

As we understand it, in 1929, Mr. W. H. Ford offered a gift of \$100,000 for a junior college that might be located here. Such a plan required the co-operation of four high school districts. Residents of those districts were to vote on a tax levy to support the college after it was built.

The plan fell through when the educational leaders of one of those four districts failed to allow the matter to come to a vote in their territory.

Now, eight years later, the matter has cropped up again. State educational authorities are sending men to investigate the feasibility of a southern county junior college.

Hayward is making an active bid for the institution. The dissenters who caused the trouble eight years ago are no longer in power in their district.

Niles and Washington township should once again muster their forces to obtain the college.

Such an institution would add immeasurably to the township.

It would assure local families of cheaper education for their children. It would keep those children home for two years longer. It would enhance property values in the township.

It would bring 20 or 30 new families to this district—families with buying power, high intelligence and steady incomes.

It would mean more business for building contractors and grocers and many others.

Local people should find out what gifts are available to attract the state authorities. They should see if they can get a land donation for a campus site. They should start the machinery rolling to bring the matter to a vote once more.

No time should be lost.

TROUBLE AT THE NURSERY

Regardless of the justice involved in the injury of pickets at the California nursery, professional laborites from Berkeley and Oakland will neither receive nor warrant sympathy from local residents.

All through the depression, the nursery has struggled gallantly to maintain its payroll and operate its business without loss.

No one can take kindly to the attempt of outsiders to come in here and attempt to stir up the local workers at a time of year when the nursery needs all its resources to promote its annual sales season.

MISSION PEAK

(Prize Poem in 1933 Inkling, published by Washington High School)

A fashion Queen is Mission Peak,
Each changing season beauty she seeks.
Springtime lays her offering down
Of wild flowers to adorn her crown.
A robe of gold in summertime
Is worn by Queen of this fair clime.
In Autumn shade and sun-flecked sod
She points her scepter up to God.
In Winter arrayed in ruff of white
A dazzling picture in the light.
Through changing seasons, there she stands,
A royal lady to lower lands.

How Decoto Began

By Peter Decoto

When my ancestors lived in France the name was De Couteau, and it was still De Couteau when one branch of the family got a grant from Louis 14th to some land in Canada and moved there. But when my father and his two brothers went to live in Boston, about 1840, the people there insisted on pronouncing and spelling it Decoto and so it had to be changed.

My father, Ezra, and my uncles, John and Adolphus, were coopers in the Hazard powder mills near Boston. But when father heard so many tales of the gold fields he decided to come west in '49.

He sailed from Boston and came across the isthmus on mule back. It was 28 miles and rough going. You could either walk it or pay \$25 for a mule. Father took the mule and two days to get across. But the thing he remembers most about the isthmus is a certain stew they served him. The meat had a different taste from any father had ever eaten, and he went around to the back to see what kind of meat it was. There he saw a lot of monkey skins hanging up. He asked, "Was that monkey stew?" And they said, "Yes, very good monkey". But after that the stew didn't taste very good to father.

He came up the coast in a little paddle wheel steamer and docked at San Francisco. The water was so high from recent rains that all of San Pablo and Richmond were under water. He boarded a little boat for Stockton but it ran on a snag somewhere this side of Martinez and my father gave up the idea of the gold fields and walked back to Oakland.

Oakland was a very small town then. There was nothing beyond Seventh street. San Antonio was larger than Oakland at that time.

Father worked for a good while for a Frenchman in Alameda, named Pancus. The ranch house was on what is now Park St. in Alameda. Father worked until the man owed him \$600. Then he demanded his money. Pancus couldn't pay him in money but he owned a lot of land. He offered to give him the whole island of Alameda and call it square. But father refused. Said Alameda wasn't worth half that. And so he didn't get Alameda or the money either.

Father sent for his two brothers and they came in '51. The three of them farmed a place below San Leandro. They raised grain and had a thrashing machine.

In '67 they bought 340 acres in this section and moved down there. They had a big thrasher, run by horse power. I've forgotten whether it was 13 or 24 horses that gen-

erated the power.

When the railroad came through a land company wanted to buy their land and they sold out. In two or three years it was all cut up and sold off. Houses went up. But the land was mortgaged and never was released. When the mortgage was foreclosed the people were all put off.

Later the Spring Estate bought it, about '70 or '71 and gradually sold it off again, this time to stay sold.

And so, through the years, the home, industries, churches have grown up here to make the town of Decoto.

C S A A I N TRAFFIC FIGHT

In a recent report issued by the California State Automobile Association opposition was voiced in the name of the membership of 70,000 motorists to the various legislative measures introduced by Ray Ingels, director of the Department of Motor Vehicles. The Association announced opposition to fingerprinting of motorists, restoration of speed traps, compulsory inspection of motor vehicles for a fee, forcing visiting motorists to take out California registration, a large increase in funds for the Department, and other proposals sponsored by Ingels.

The Association advocates a study and analysis of the causes of traffic accidents to promote safety and to get the highway patrol officers on actual patrol duty instead of using them for purposes unrelated to that duty. The association accuses the Department of Motor Vehicles of trying to "soak" the motoring public to the limit.

LOCAL FOLK PLAN TO ATTEND BARBECUE

Rodeo fans will be planning to attend the annual barbecue to be held on the Walter Holms ranch at Livermore on June 6 to boost the 1937 Livermore rodeo. A contest in trap shooting, running deer target and other sports will begin at 9 o'clock in the morning. A barbecue dinner will be served at noon and there will be a full program of dancing and stunts and cowboy songs. The affair is sponsored by the Livermore Rod and Gun club.

FLORENCE AUST HAS BIRTHDAY

A surprise birthday cake was presented to Florence Aust, secretary of Washington Union High school at a lunch hour in the cafeteria Monday in celebration of her birthday on Sunday. The cake was made by Mrs. Josephine Morris and was much enjoyed by members of the faculty and stray newspaper reporters.

SEE for yourself THE RIGHT AND WRONG OF LAMPS AND LIGHT!

RIGHT . . . At a distance of 1 1/2 feet from this lamp a minimum of 20 units of light are procured. This quantity of light scientists say is needed for reading fine print.

WRONG . . . A decorative lamp of low height and narrow shade. At a distance of 1 1/2 feet—the correct seeing distance—only a few units of light are produced. Such a lamp causes eyestrain.

Without cost to you a P. G. & E. sales-service representative will gladly check your home lighting with a Sight Meter

NOW you can have a lamp designed for eye comfort as well as ornamental and decorative beauty. It is the lamp designed by the Illuminating Engineering Society to meet the need of Better Light for Better Sight. Due to remarkable improvements in design, this lamp is unlike the many ordinary lamps you may now have in your home or have seen for sale on the bargain counters.

Here are four good reasons why these radically different lamps give you more light for your money and protect the eyesight of every child, youth or adult who uses them for reading, study or sewing.

It gives several times as much light as the ordinary lamp because the shade is wide at the bottom and open at the top and gives light a chance to spread over a wider area.

It gives soft, diffused light without glare because of its inside opal glass diffuser and reflector.

It gives light from correct height because the standard is high enough to allow light to spread where you need it.

It gives beauty and decoration because more symmetrical proportions between shade and standard are possible.

Protect your eyes and the eyes of your family with one of these new lamps. They are made in either floor or table models. Prices are very moderate and within the range of everyone.

Easter's the 28th

For the information of those interested, we state that Easter will come on the 28th.

Worshipful Master Morgan of Charity lodge of masons, Campbell, heading a delegation from his lodge sponsoring an entertainment at the Decoto home, recently, answered the same question that he and other Campbellites have answered before. "Seems like nobody knows just where our god town is located", he said. "Although we are in an area with San Jose, Los Gatos and Saratoga. As for getting publicity through holding an annual roundup we haven't gotten far. For one thing we are overshadowed in such matters by the Saratoga blossom festival. However, we did get some publicity once, in 1903 when Teddy Roosevelt stopped off in Campbell and planted a tree in his high school yard. And it's there now."

Watch Child's Posture to Avoid Later Illness
When the child is old enough to stand or walk alone, we must continue to be on guard against the formation of faulty habits in the use of his body. Poor posture and weak muscles will follow if he does not bear his weight evenly on his feet. If he does not hold his feet in a parallel position, rather than going out; if his ankles sag inward; or if he walks on the inside of his foot, a child will not have a straight spine if he sits crookedly, or sits habitually on one foot; if his clothing pulls heavily or unevenly on the shoulders; or if he is made to use adult furniture which does not fit his body.

A child may have one shoulder higher than the other, one shoulder blade on a different level from the other, a hollow back, and a flat chest and yet his mother may not be conscious that he is anything but the perfect specimen she would like him to be! Those of us who do health examinations can see this demonstrated daily. Mothers do not see it because they have not been taught to look for it. They see their children through a rosy glow of mother love which can be almost blind. Train yourself to look at your child when he is undressed for his bath—really look at him; cultivate a seeing eye. Note whether he uses both sides of his body equally well and see whether he is symmetrically formed or not—Dr. Josephine H. Kenyon in Good House-keeping.

Primary Cause of Decay of Teeth Still Unknown

Teeth may decay in spite of a completely adequate diet. It is shown by experiments at the College of Physicians and Surgeons of Columbia university. Tests lasting three years contradict the theory, widely held in both scientific and lay circles, that tooth decay is caused by a dietary deficiency. "The practical significance of this finding is that, while we know it is possible to reduce the amount of caries or dental decay by improving the diet, we now know that we cannot prevent decay completely by this last method," Dr. Theodor Rosebury, assistant professor of bacteriology, who conducted the research, writes in Scientific American Magazine. "The reason for this is that a deficient diet is a modifying influence rather than the primary cause of caries, which still remains virtually unknown." Doctor Rosebury fed five generations of rats "a fully adequate diet." Over a period three years, the rats continually developed caries. "This result," he explained, "checks with human experience to the extent that we know the disease occurs in human beings healthy in all other respects and giving evidence of adequate nutrition. We can produce caries more rapidly with diets deficient in mineral elements. But no matter how adequate we make the diet, dental caries is still produced."

Mrs. C. Sullivan announced the engagement of her daughter Ella to Mr. Raymond H. Jolliff last Thursday evening at a birthday party held in honor of Miss Sullivan's birthday.

Mr. Jolliff is the son of Mrs. W. R. Jolliff of Niles. No date has been set for the wedding.

No Sign of Vigor

In the early days of our country it was commonly believed that a heavy suit of hair on a masculine face was a sure sign of great manly vigor. Consequently all those who could really sport a crop of whiskers, mustache, etc., wore them. Now science tells us that these advertisements of rip-roaring he-men were nothing but frills, and points out that the older and feebler a man gets usually the more luxuriant his beard becomes. It is also pointed out that if these hirsute adornments mean anything at all, it is evidence that the man is more closely related to the orang-utan than the gorilla.

Heaviest Snowfall

The heaviest snowfalls in the United States occur in the central portions of the Sierra Nevada of California. It is impossible to state the exact locality having the heaviest snowfall, but amounts for a single season above 700 inches have been reported from the station at Summit, on the line of the Southern Pacific railroad, running between Sacramento, Calif., and Reno, Nev. The heaviest snowfall recorded there occurred in the winter of 1879-80 and was 783 inches.

Academy Founded in 1904

The first seven members of the American Academy of Arts and Letters were selected by the National Institute of Arts and Letters from its own body in 1904 by ballot. The seven were William Dean Howells, Horatio Saint Gaudens, Edmund Clarence Stedman, John La Farge, Samuel L. Clemens, John Hay and Edward Macdowell. In order to become eligible to the American academy one must first be a member of the National Institute of Arts and Letters.

Longest Range Gun
The long range guns that shelled the Japanese fleet of 75 miles used a shell that weighed 265 pounds. We have no record of guns made today with a longer range, though of course they could be made if there was need for them. Both the French and British had designed similar guns before the war.

St. Patrick's day theme, and included band music, a marionette show, community singing and games.

Jean Mosgrove directed the marionette show titled "Mistress Mary Mends Her Canners". Members of the committee responsible for the affair, headed by Charles Bertoli, are Jean Mosgrove, Faye Childs, Roy Spahr and George Webb.

Two hundred people enjoyed the celebration of St. Patrick's Day. The wish of all was for more of these Community Nights.

The following were there James C. Wasley, principal of Alvarado School and School Trustees Mrs. F. R. Rodie, F. E. Machado and William Avila.

This St. Patrick's Community Night Program had been planned originally for Warm Springs Grammar School but due to a lack of facilities it was necessary to transfer it to Alvarado.

With The Washington Future Farmer

BY TONY MARIA

Chapter Holds Night Meeting
The fifth monthly night meeting of the high school Future Farmers chapter was called to order by President Martin Duarte.

The Hayward high school chapter journeyed to Centerville and attended the meeting. Letters were read by Bud Luna, secretary. One from the Live Oak chapter at Morgan Hill inviting us to a dance given by their chapter, and one from the Campbell chapter inviting us over to a basketball game.

The meeting was turned over to Carmello Damico who was master of ceremonies for the night. There was an amateur hour in which Ferdinand Valim, Joe Hernandez, John Cardoza and Ed Martinez took part.

Two basketball games were played between the two chapters, the Centerville B team beating the visitors' B team by a one-point margin. After the basketball games, refreshments were served and the thanked sufor an enjoyable evening.

---Ed Martinez

On Wednesday, March 10, a speaker from the Ford company showed pictures to the Future Farmers and other classes on how industry, chemistry and farming are closely related. The picture showed how Mr. Ford had some of his scientific chemists find farm products which would be useful to industry.

Now every Ford car or truck made contains half a bushel of soy beans.

Conservation Week at
Washington High

Paul Dougherty, the Future Farmers adviser, showed pictures on forests of California to Future Farmer classes recently.

He showed how the forest should be used. He also showed how they are improperly used by lumbermen. When the trees are cut down, then there are floods and the soil is washed away.

The Future Farmers with the help of Paul Dougherty planted flowering peaches and walnut trees on each side of the athletic field. The trees were whitewashed and stakes put up by the walnuts to offset the strain which the wind throws up to the trees.

Pete Nunes introduced James Wilson on Thursday, March 11. He spoke about the game and wild fowl laws of our state. He brought out the fact that one out of every five persons who go out to get deer, get one. He told the student body how the building of dams and the net fishing decrease the population of fish.
